

## Custom EPS Products From Tri State Foam

When you need specialty and OEM foam products, Tri State Foam is the most trusted and expert supplier in the marketplace.

Don't have the right product at your fingertips? Do you need to show your brand on a product or a component? Then, count on Tri State Foam to be there for you.

### Technical Support

Tri State Foam is happy to assist the architect, owner or applicator in the formation of design ideas for all types of applications. Together, we will find innovative, economical and smart solutions to meet the challenges you face.

### Custom Foam Capabilities

With our state-of-the-art computerized cutters, Tri State Foam can fabricate a wide variety of custom foam shapes. The most popular, including round and fluted columns, cornices, archways, quoins, parapet caps and decorative bans, are used as architectural enhancements to buildings and signage. Other uses include EPS parts integral to larger assemblies.

### EPS Shapes

EPS shapes have proven to be very economical in comparison to wood or concrete products. The advantages of utilizing EPS for your custom foam shapes are impressive:

- Provides as much as a 50 to 70 percent cost savings
- Reduces lead-time
- Low material and installation costs
- Available in a wide range of shapes and sizes
- Easily handled and applied

### Product Excellence

Tri State Foam's custom foam shapes are properly manufactured and cured in accordance with strict code compliances, including ASTM C-578 and RADCO guidelines. Our EPS is approved for all major wall systems.

### Customer Service

At Tri State Foam, we believe our outstanding service, excellence and prompt delivery for our customers are what set us apart from other companies in the industry.

By dialing 1-800-277-0967 and reaching one of Tri State Foam's sales representatives, you can be assured of getting the quickest possible assistance for your next project.
